

DATA VIZULATION PRESENTATION

PRESENTED BY

Smit Rana

AGENDA

In this project I collected data and compared about the spending of money. To be more precise, I have compared the amount of money I spend going out VS the money I spend staying at home. Furthermore, I have collected data for 14 days where I noted down the data for the spending of money accordingly and I have noted down in my iPhone and I have attached the snap of it in data collection. To be honest, after the time period I sum up the data and found that spend excessive amount of money was spent on WEEK 2.

ANALYSIS

WEEK 1

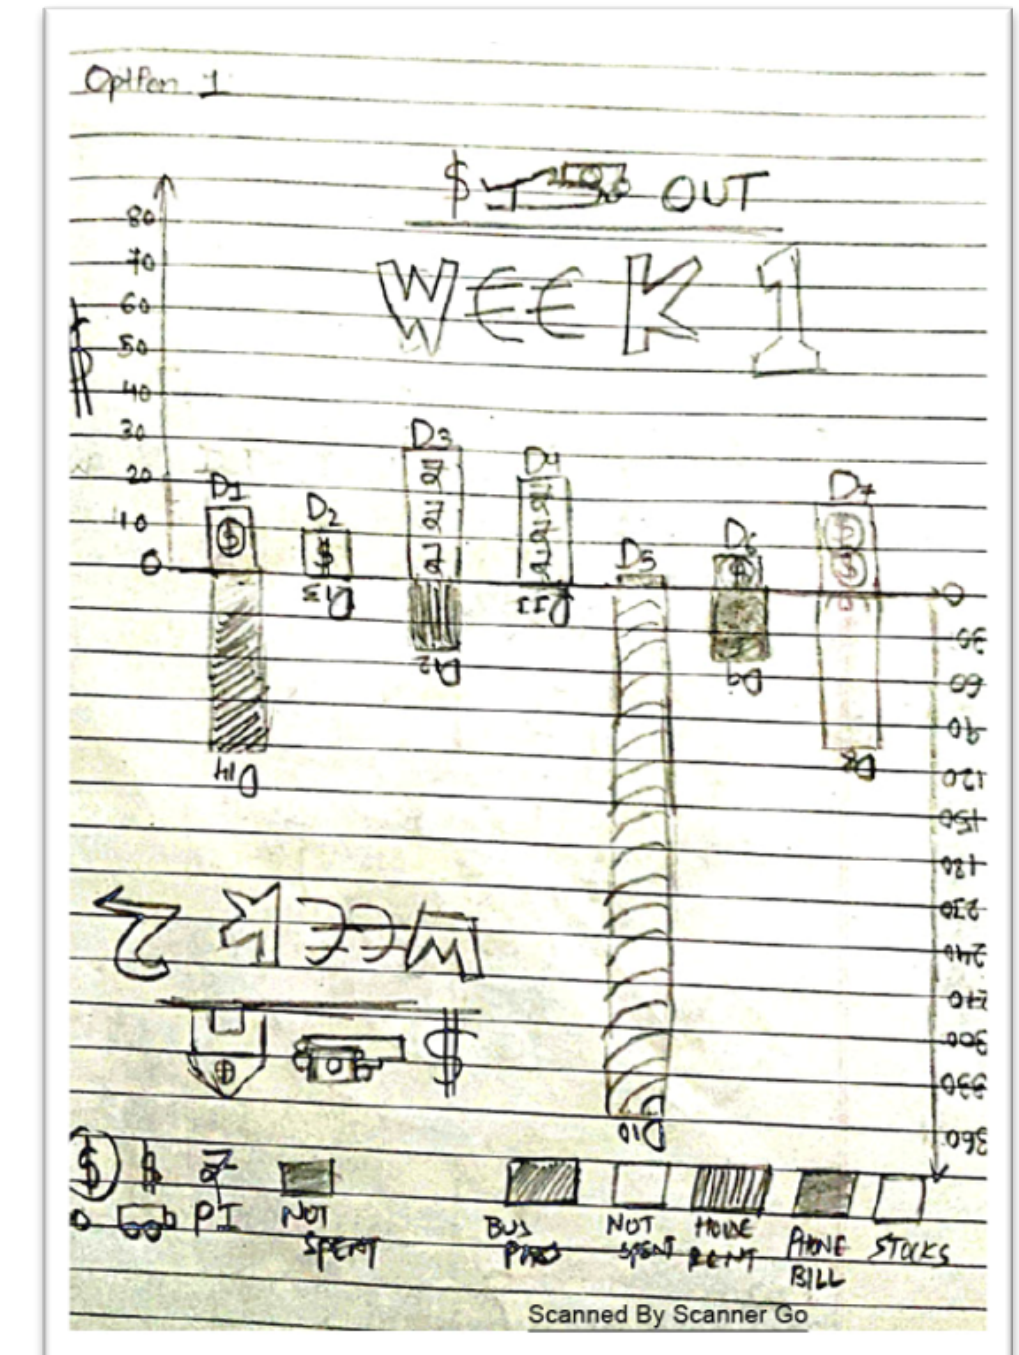

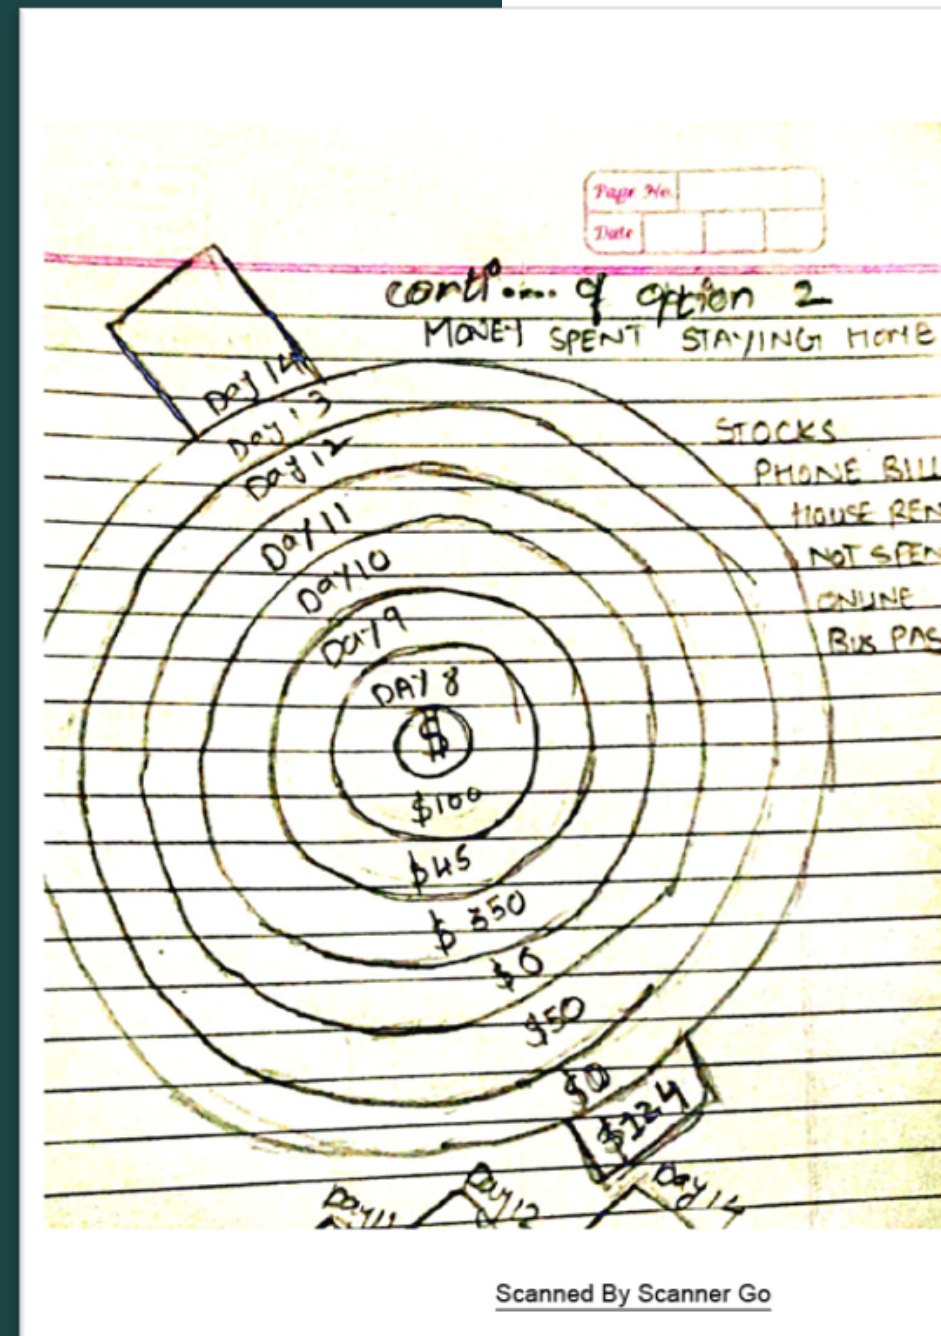

ANALYSIS

WEEK 2

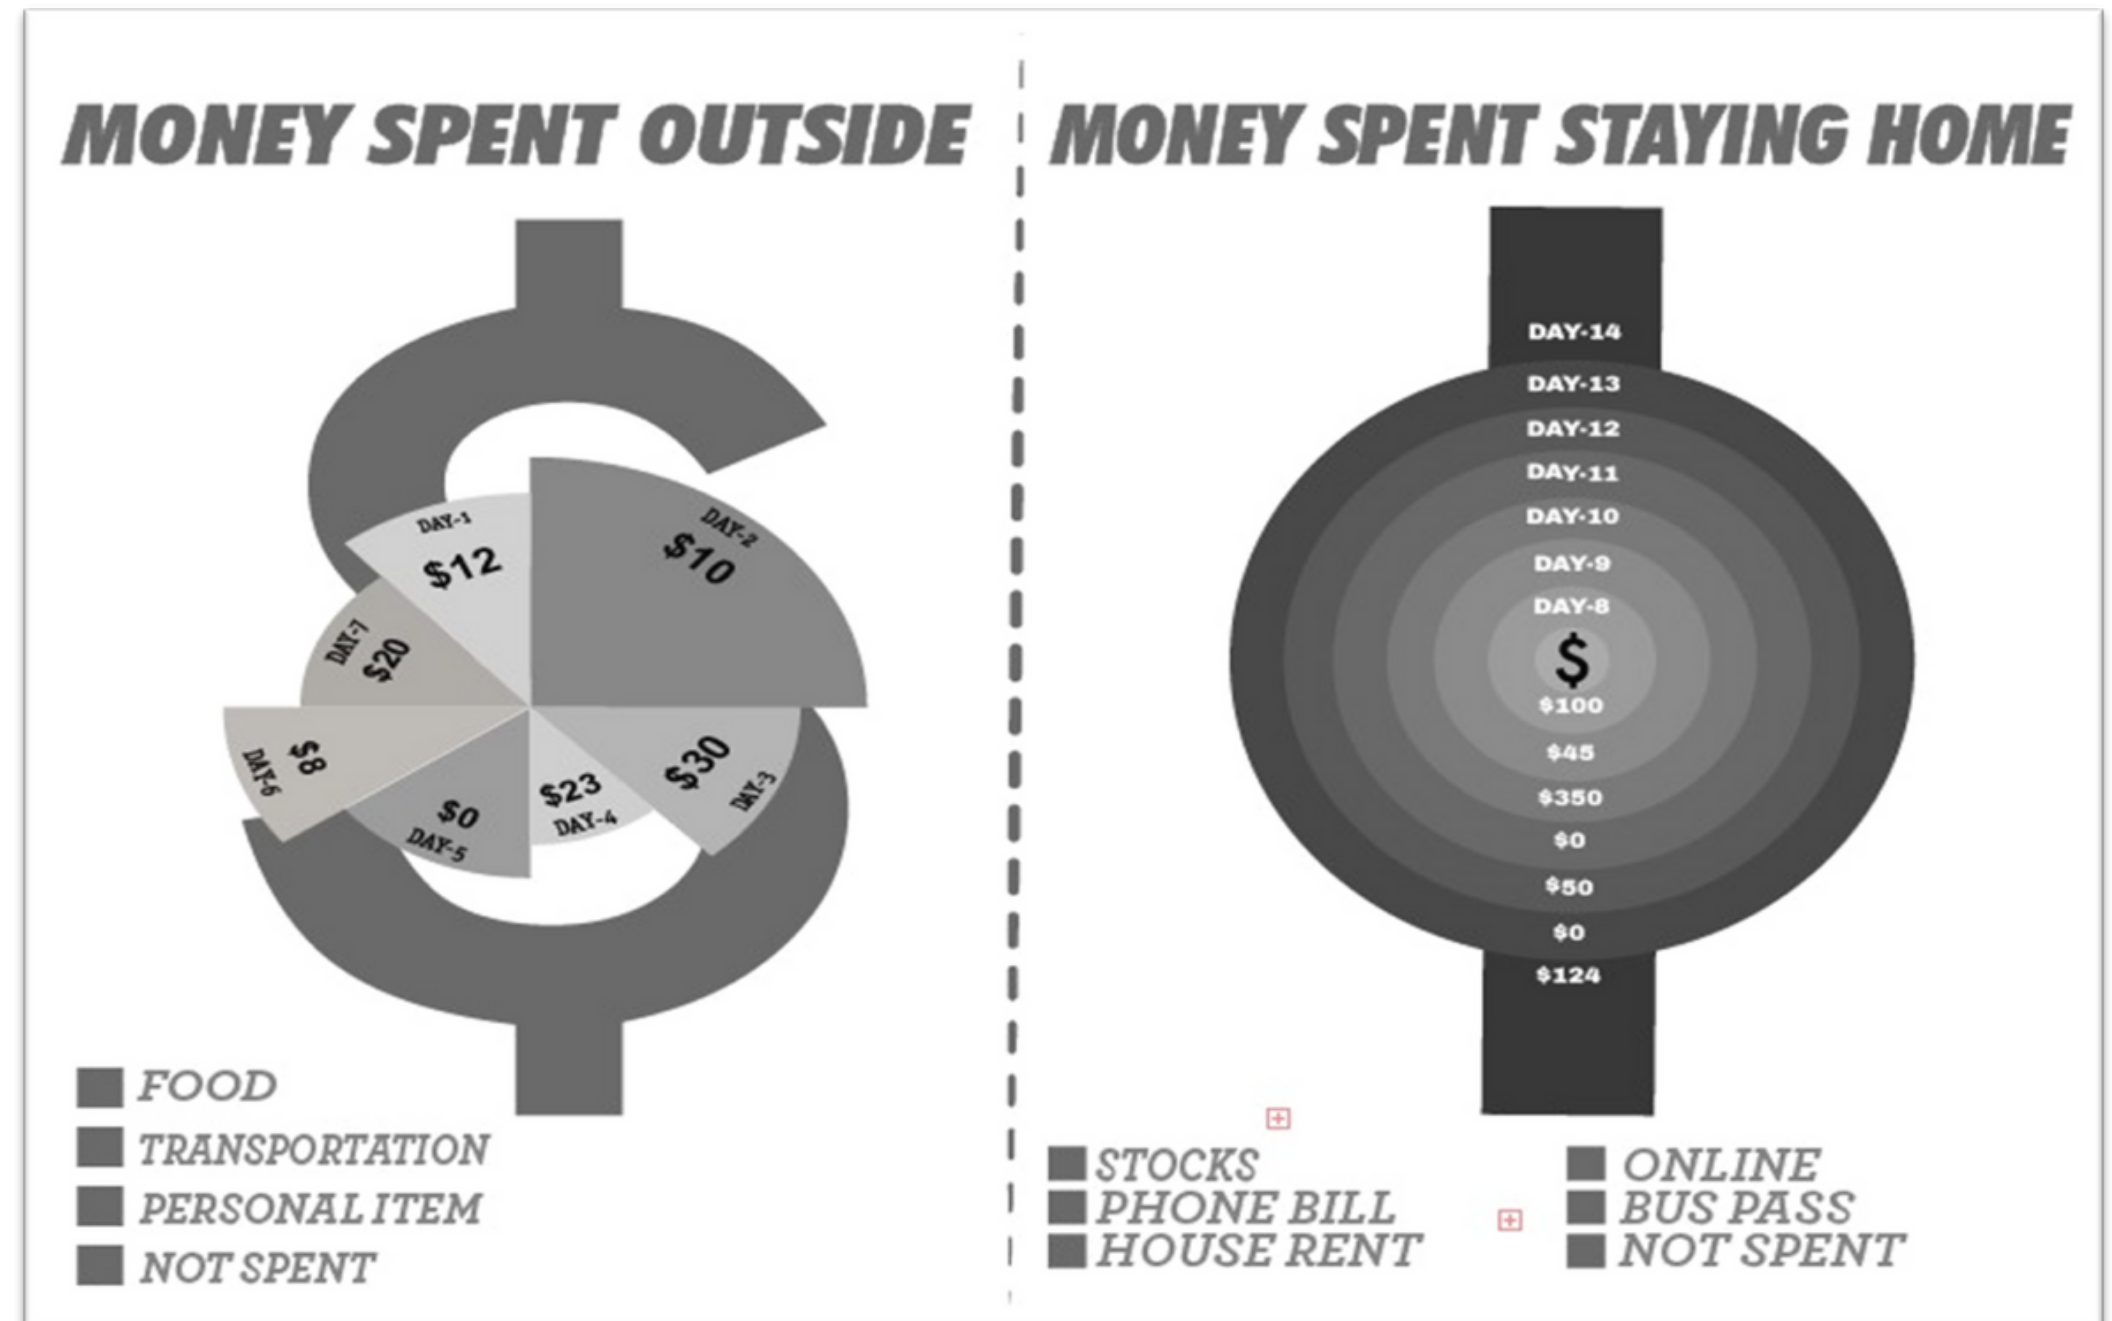

ROUGH SKETCH

DIGITAL GREYSCALE

After finalizing the rough sketches and collecting all the information, I came up with a design that depicts the main motto and initially I did Digital Greyscale.

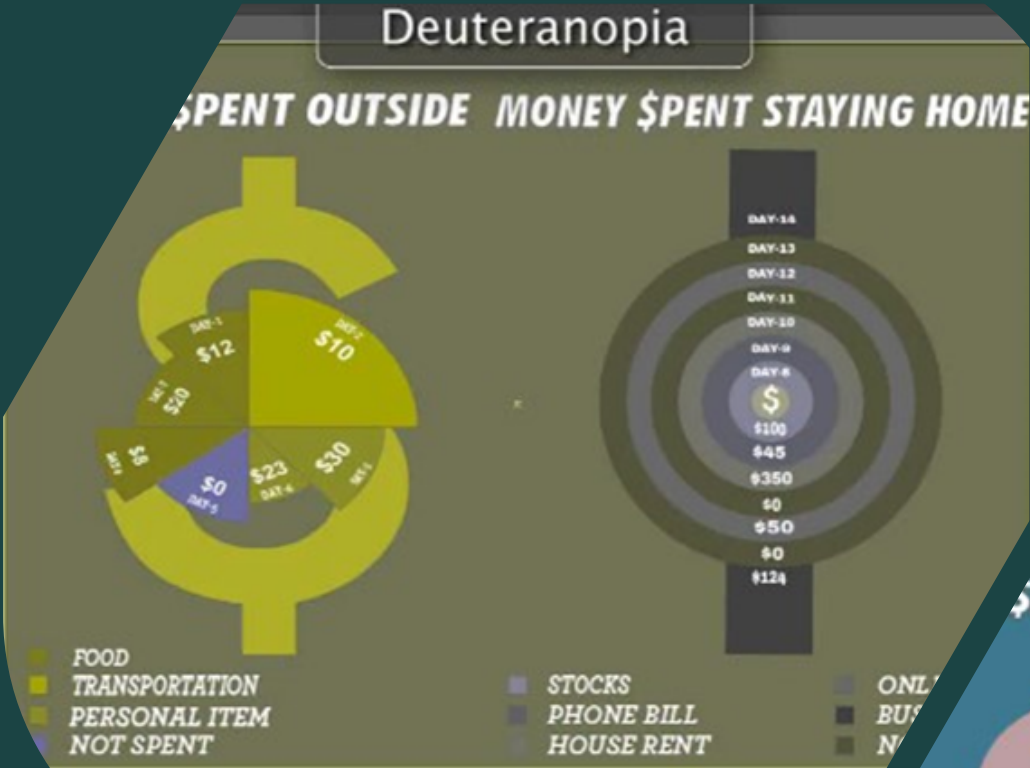

FINAL PRODUCT

After the Digital greyscale, I added some colors in it to make it visually appealing and here is the Final Product of the Data collected.

Color
Blind

Test

THANK YOU.
